

NETPARK PAY INFORMATION GUIDE

APPLICATION PROCESS

- An email application will need to be sent to the officer or CFO of the company for submission and approval.
- Once completed, a secondary email may be sent for further documentation to complete the approval process. The email will have a secure portal to submit all documents such as voided checks with banking information.

SETTLEMENTS

- netPark Pay utilizes WorldPay for all credit card processing
- WorldPay Standard Settlement Time - 8:05 PM CST
- Settlement times may be adjusted, but settlements occurring after 8:05 PM CST incur an extra day of funding.
- Reconciliation Report: netPark has created a thorough and intuitive reconciliation report for you. This report displays and compares all payment & credit transactions in netPark PARCS, and all disbursements & fees in netPark Pay, making reconciliation easier than ever for your accounting team.
- Standard funding within 48 hours. Next Day funding also available

ACCOUNT FEES

- Daily Billing - Fees are taken out daily.
- End-of-Month Billing - Available but will incur an additional fee of 4 BP or 0.04%

NETPARK PAY INFORMATION GUIDE

CREDIT CARD EQUIPMENT

- Lease – This is recommended and it includes overnight shipping, free replacement for life of the device, reasonable monthly costs
- Purchase – Feature includes overnight shipping and a one year warranty
- All equipment fees and purchases are debited through your monthly disbursements.
- PCI DSS scope reduction. netPark Pay CC readers bypass the operating systems of your self park equipment and your cashier computers, removing significant scope of your equipment for PCI DSS.

SUPPORT

- All support for netPark Pay goes through netPark directly
- One single point of support for both software and payments

MERCHANT ACCOUNTS

- Retail – Only 1 merchant account is technically required although you can split them out to show E-commerce and Kiosk (unattended accounts)
